LAU StudentLink

Peer Tutoring & Academic Platform — Comprehensive Multi-Role Testing Guide

Lebanese American University · Beirut & Byblos Campuses

[KEY] Production Multi-Role Test Accounts:

- Student: sami / password123 (Find tutors, book sessions, review past notes)
- Peer Tutor: nour / password123 (Manage slots, accept bookings, study notes. Cannot book self)
- Administrator: admin / password123 (Review, approve, or reject peer tutor applications)

Scenario 1: Student Workflow — Discovery & Real-Time Filtering

- Sign In as Student: Click Sign In -> sami / password123. Verify role "Student" in navbar.
- Strict RBAC: Tutor Dashboard and Admin Portal navigation links are hidden.
- Course Search: Type "MTH201" or "CSC310" to view certified peer tutors.
- Filters: Filter by Beirut/Byblos campuses or academic schools (Engineering, Business, Arts & Sciences).
- Credentials: Click Profile on Nour Khoury to review verified Grade A, bio, and weekly availability.

Scenario 2: Booking a Tutoring Session & Conflict Prevention

- Book Slot: Click "Book Slot" on Nour Khoury.
- Fill Details: Select Course MTH201, Beirut Campus (Riyad Nassar Library), and slot 14:00 - 15:00.
- Add Note: "Need help reviewing triple integrals before midterms."
- Confirm: Click "Confirm & Send Request". Notification toast and bell alert trigger.
- Conflict Test: Immediately attempt to book the exact same slot again; system blocks with conflict alert.

Scenario 3: Managing Student Bookings ("My Sessions")

- Navigate: Click "My Sessions" tab in the top navigation.
- Check Status: Notice the yellow PENDING badge awaiting tutor approval.
- View Details: Click "Details" to review full venue logistics, room, and student notes.
- Cancellation: Click "Cancel", enter reason ("Lab conflict"), verify CANCELLED status.

Scenario 4: Peer Tutor Workflow — Approving & Managing Requests

- Sign In as Tutor: Sign out, then sign in as nour / password123. Verify role "Peer Tutor".
- Open Dashboard: Click the newly visible "Tutor Dashboard" tab.
- Review Request: Under Pending Requests, view Sami's booking and student profile.
- Accept: Click "Accept"; booking moves to upcoming sessions with green CONFIRMED badge.
- Calendar View: Switch to Calendar View to view schedule on an interactive weekly grid.

Scenario 5: Tutor Weekly Availability Management

- Availability Manager: Scroll to Weekly Availability Slots in the Tutor Dashboard.
- Add Slot: Click "+ Add Slot" -> Friday 10:00-11:00, In-Person, Nicol Hall 102 -> Save.
- Live Synchronization: Slot becomes immediately bookable by students in directory.
- Delete Slot: Click trash icon on any slot to remove it from schedule.

Scenario 6: Session Completion & Post-Session Study Feedback

- Complete: On a confirmed session, click "Mark Completed".
- Add Study Notes: Enter: "Sami mastered triple integrals. Practice Ch 14 set 3." -> Save.
- Persistence: Session status becomes COMPLETED and feedback is saved permanently.

Scenario 7: Dual Role — Tutors Can Book Peers, But Cannot Book Self

- Book Peer: As tutor Nour Khoury, find Karim Mansour in directory, click "Book Slot" and confirm.
- Dual Role Badge: In My Sessions, Nour's session with Karim is labeled "Attending as Student".
- Self-Booking Guard: Find Nour's own card; badge reads "You (Tutor)" and button reads "Cannot Book Self".
- Profile Guard: Nour's profile modal displays an alert preventing self-booking.

Scenario 8: Administrator Portal — Reviewing Tutor Applications

- Sign In as Admin: Sign out and sign in as admin / password123 (Dr. Mona Majdalani).
- Open Portal: Click "Admin Portal" in navigation bar with pending count.
- Review Credentials: Inspect applicant GPA, major, campus, and prerequisite grades.
- Approve: Click "Review & Approve", enter department notes, and confirm approval.
- Certification: Applicant becomes APPROVED and is certified as an LAU Peer Tutor.

Scenario 9: Strict Role-Based Access Control (403 Enforcement)

- Student Guard: Log in as Sami (Student); attempt accessing Dashboard or Admin.
- 403 Response: Screen displays access denied barrier with zero data leaked.
- Tutor Guard: Log in as Nour (Tutor); attempt accessing Admin Portal. Access is rejected.

Scenario 10: Ratings, Reviews & Dynamic Reputation

- Review: As student Sami, click "Leave Review" on a completed session.
- Submit: Give 5 Stars and testimonial ("Nour explained calculus clearly!").
- Recalculate: In Find a Tutor, Nour's star rating and review count recalculate dynamically.

Scenario 11: Profile Customization & Personal Photo Upload

- Open Profile: Click user avatar badge in top right navbar.
- Photo Upload: Select an academic preset or upload an image file from your device.
- Save: Avatar updates across all navigation bars, cards, and session views.
